Korean moisturising skincare: Sahara EXO-PDRN Cream, 70 ml, and the planned Oatmeal range.

Sahara — finished product	A cream for skin that still feels dry and tight after routine moisturising. Volume: 70 ml. In its email of 14 September 2026, OANIC confirmed Sahara was ready for commercial supply; each order requires separate agreement on terms.
Oatmeal — planned range	In its email of 3 September 2026, OANIC planned an October 2026 launch for three Level 3 creams: Deep Moisture, Calming Moisture and Anti-Aging Moisture. Launch is not confirmed. Sachet samples are available for testing. An expression of interest is not an order, payment, stock reservation or shipment.
Information awaiting confirmation	The test provider and full protocols, hydration-study sample size, full INCI, manufacturer and factory, certifications and registrations are not confirmed by the supplied documents. Export MOQ, Incoterms, lead time and exclusivity also need confirmation for each export enquiry.

Terms on enquiry through Teranova. Supplier prices are not disclosed.
