Supplier profile

About the company

ABELTY is a skincare brand by the Korean company UNIC Cosmetic (유니씨코스메틱, Anyang-si, Gyeonggi-do). According to the brand, the name is inspired by the Latin word "abel", meaning vitality; the slogan is "All Beauty Lies in Vitality — From the Korean Table to Your Skin". The brand's story: rice, kimchi and seasoned greens on the Korean table are more than food — they are a time-honored ritual that restores balance, which ABELTY carries into skincare.

Per the brand's own product roadmap, the 2025 rice line is to be followed by a kimchi line in 2026 and a third line in 2027 — these are the brand's stated plans, not yet released products.

Four rice-line products are listed in the brand's current export price list: a rice-water double serum and sun serum, a rice-powder cleansing foam, and a cream with traditional temple-kimchi probiotics. Made in Korea.
